

ALTER TABLE Challenges

1

First Challenge

Challenge:

Add a new column called 'termination_date' onto the hcm.employees table. Give this new column a data type of DATE.

2

Second Challenge

Challenge:

Write two SQL statements to change the data type of the `first_name` and `last_name` columns to `NVARCHAR(60)` in the `oes.customers` table.

3

Third Challenge

Challenge:

Use `sp_rename` to rename the column name 'phone' to 'main_phone' in the `oes.customers` table. Note that this challenge does not use an `ALTER TABLE` statement.
